We the undersigned Citizens of Vanderburgh County and State of Indiana

residing in Knight Township in said County and State who own land in said Township and whose said lands will be liable to be affected by and assessed for the expense of the construction of a certain ditch, drain and water course hereinafter described most respectfully petition your Hon Board for the location, construction and establishment of a certain ditch, drain and watercourse in Knight Township in said County described as follows to wit: Beginning at a point on the Newburgh road at a Culvert about thirty five (35) feet North East of the South West corner of the North West quarter of Section twenty six (26) Town Six (6) South of Range ten (10) West, thence North down a certain ditch known as the Howard ditch to a Culvert in the Slough near Joel Harpers residence, which said Culvert is about twenty rods South of the North West Corner of Section twenty six (26) in said Town and Range; thence North of west until it strikes the Slaughter Avenue road, thence along said Avenue Road west about one hundred and twenty rods to a Culvert on said Avenue road, thence down and with the meanderings of a Slough in a northerly and Westerly direction, passing through a Culvert under the old Wabash and Erie Canal bed and the Lake Erie Evansville and South Western Railway until it empties into Pigeon Creek on the lands of Wendelin Schmidt in Section fifteen (15) Town and Range aforesaid. And your petitioners further show to this Hon Board that heretofore Knight Township, Vanderburgh County and others have constructed numerous ditches centering at and converging large bodies of water to and upon that Section of the County which is to be drained by the proposed ditch; and unless this proposed ditch shall be constructed, thereby furnishing a general drain for the lands and waters aforesaid great damage will come upon many of the owners and proprietors of the lands upon which said waters have been turned by the ditches heretofore constructed as aforesaid.

And your petitioners further show to this Honorable Board that the construction of said ditch will be of great public benefit and utility in this, that it will drain the roads and public highways in that section of the county by providing a suitable ditch for the waters that naturally flow and has also been turned upon said section of the County by the construction of roads and ditches through and along the same heretofore made by said County and others.

Wherefore your petitioners make their prayer and file their Bond and most respectfully ask that this Hon Board of Commissioners cause to be constructed a ditch, drain and watercourse as herein above described in accordance with the Statutes in such cases made and provided, entitled "An act to enable the owners of wet lands, to drain and reclaim them, when the same cannot be done without affecting the lands of others prescribing the powers and duties of County Boards and

To the Honorable Board of Commissioners of Vanderburgh County Indiana

side of the Green River road to the middle line of said Section 13. And your petitioners file herewith and make part of their said petition herein a plat showing the location of said ditch and mark the same Exhibit "A". Said ditch will pass through the lands of the Heirs of Robert Barnes Estate & A. Reynolds and & E. Barnes Richard Smyth, Jacob Schmidt, Gertrude Arms & J. Zanzinger, all in Knight Township Vanderburgh County and State of Indiana, the lands aforesaid belonging to and owned by the persons aforesaid will be effected by said ditch, drain or water course.

Your petitioners would further show to your Hon Board that the subscribers hereto are land owners of Vanderburgh County and that their lands will be liable to be effected by said ditch, drain or watercourse and to be assessed for the construction of the same.

Your petitioners believe that said ditch should be constructed as prayed for herein for the following reasons to wit: The standing water upon the lands adjacent to said proposed ditch is greatly detrimental to the health of the Citizens of the surrounding neighborhood and conducive to much deseaseand sickness.

That for a long period during each year the Green River road is impassable from large quantities of water upon the sides thereof making said road soft and incapable of any use for travel, greatly inconveniencing the public in general and the citizens of the neighborhood in particular. That the crops upon the lands near said proposed ditch are frequently drowned out, damaged and totally destroyed by reason of the standing water there being at present no outlet for the same and which said proposed ditch would effectually carry off and for the reason that the said proposed ditch would be of great public utility to the citizens of Vanderburgh County at large.

Your petitioners would further respectfully represent that amongst the many others they would be greatly benefitted by the construction of said ditch and are willing to be assessed for their share of the expenses for constructing the same.

That your petitioners have duly filed their Bond with the Auditor of Vanderburgh County as provided by law and pray your Honorable Board to grant the construction of the said ditch, drain or watercourse and for your

The Statute on the subject is conflicting; the Schedule in Sec 49 of the assessment law seeming to contemplate such deductions and Sec 54 seeming to expressly prohibit it. The law of 1852 provided that persons should list "money at interest either within or without this State" and also the value of all demands against any person or body corporate, either

within a without this state"; and further provided "that each taxpayer may and is hereby authorized to deduct the amount of his indebtedness out of his solvent claims" Under this law the supreme Court held that no deduction could be made from "money at interest". State. Treasurer, &c v. Carter et-al. 40 Ind 190.

In the law of 1872. the schedule in Sec 49. if all the law on the subject. would undoubtedly authorize the deductions contended for. but there are also the following provisions on the subject.

Sec 53 provides that in making up the credits which are required to be listed the party may deduct the amount of his bona fide indebtedness. This seems to be in harmony with the schedule. Then comes Sec 54 which provides as follows "No person company or corporation shall be entitled to any deduction from amount of any Bonds. Stock. or money loaned or on ac- of any bond. note or obligation of any kind. given to any insurance company on account of premiums or policies. nor on account of any unpaid subscription to any religious. literary. scientific or charitable institution or society nor on account of any subscription to. or installment. payable on the capital stock of any company. whether incorporated or unincorporated.

This section, in order of time. comes last in the law. and if it is to be understood according to its plain reading no deduction can be made on account of "money loaned". Another consideration which should have great weight in the construction of the law is the fact that the officers charged with its administration have. from the time of its passage. to the present time. construed it to mean that no deductions could be made from "money loaned". The blanks prepared by the Auditor of State have always been issued to the Counties with instructions to make no deductions from that class of assets. In view of the provisions of the Statute and the interpretation heretofore given it. I think the course heretofore adopted by your department should be adhered to.

I have the honor to be.
Very Respectfully

Report of the reviewers of the Barnes Ditch.

To the Honorable Board of Commissioners of Vanderburgh County Indiana.

Gentlemen.

We the undersigned citizens of the County having been appointed by your Honorable Board to review the ditch known as the Barnes ditch in Knight Township of this County would most respectfully report as follows. To wit:

After thoroughly examining the rout of said proposed ditch and the situation of the lands adjacent thereto. we are of the opinion that said Ditch would not be of public utility. for the reason that the terminus or out let is not of sufficient capacity to chamber the water that would naturally flow through said outlet Also in our opinion the terminus is not on the proper place. there being a natural outlet more convenient. And said proposed ditch could be constructed for less money and drainage more thoroughly by taking the natural out let.

All of which is most respectfully submitted.

To the Hon Board of Commissioners of said County

Gentlemen.

The undersigned viewers appointed at the September term 1879 of your Hon Board to view a proposed Highway in Scott Township described as follows. Beginning at a point on the Joseph Singer Warrington road at the N. E. Corner of the S. E. quarter of the North West quarter of Sec 29 Town 4 S. Range 10 W. running thence South on the half Sec line to the Ingle Station road a distance of two and three fourths miles through Section 29 and 32 of the last above mentioned Township and Range. and on the half Section line S. through Sections 5 Town 5 Range 10 W, said road terminating at the Ingle Station road at the S. Respectfully submitted Benj Young. Nick Keil. } viewers

December Term, 1879 being the 5th day of said Month.

At the same time and place comes Antay S. Heitzman et-al and file a general remonstrance against the public utility of said proposed highway. which said remonstrance is in words and figures following to wit:

To the Honorable Board of Commissioners of Vanderburgh County, Indiana.

December Term 1879.

We the undersigned resident free holders of said County would respectfully represent to your Hon Board that we reside along and in the vicinity of the following proposed highway in Scott Township Vanderburgh County Indiana to wit:

Beginning at a point on the Joseph Singer Warrington road at the N. E. Cor of the S. E. qr of the N. W qr of Sec 29 Town 4 S. Range 10 W. running thence South on the half Section line to the Ingle Station road a distance of two and three fourths miles through Sections 29 and 32 of the last above mentioned Township and Range, and on the half Sec line S. through Sec 5 Town 5 S. Range 10 W. said road terminating at said Ingle Station road at the S. E. Cor of the S. W qr of said Sec 5. Said proposed road to extend by or through the lands of Frederick Melchor, Appolonia Roth, Antay B. Heitzman Henry Boehner Jr. Henry Miller, Ingle W. Holmes, Jacob Flauder, Joseph W. Knowles, Christian Schoenberg, Robert B. Short Edward Rustan, Sarah Harred, and Antay Runte, said proposed highway to be thirty feet wide.

We would represent to your Honors that there is now a public highway in good order and condition, and well suited to the convenience and accomodation of the public travel running parallel with the said proposed highway and within a distance of one half mile thereof, and we would further represent that the said proposed highway will run the most of the distance thereof, through low, flat, swampy and uninhabited lands, rendering it very expensive to the County and road districts to build and maintain the same, and that the said road if established would not be of any public benefit or utility but would simply serve the speculative interests of one or two individuals at the expense of the public. and being fully satisfied that a public highway established on said proposed rout would not be of public utility, we therefore hereby object and remonstrate to the establishment of said proposed highway for reasons aforesaid, and ask that your Hon Board appoint reviewers herein to view as to said utility.

Monday morning May 3rd 1880.

Board of Commissioners of Vanderburgh County met in special session at the Court House in Evansville Indiana in special session on call of the Auditor to hear and determine the case of John. M. Greb v.s. Wm Dean wherein John M. Greb is contesting the Election of the said William Dean to the Office of Assessor of Pigeon Township, said County and State. when present Albert. A. Swope. President presiding. George Seva and Jacob Bennighof members constituting said Board.

State of Indiana
County of Vanderburgh } S.S.

John. M. Greb. Contestor v. s. William Dean Contestee

The contestor. John. M. Greb. says that he was is and at the time hereinafter named was a bona fide resident and qualified elector of Pigeon Township in the County of Vanderburgh. State of Indiana: that at the general State election held in said State on the first Monday in April 1880, this Contestor and the Contestee, Wm Dean were the candidates for assessor of said Township that there were six election or voting precincts in said Township where votes were cast on that day in said election and that pursuant to law the inspectors of said precincts met in the office of the Trustee of said Township and after adjourning from day to day pretending to perform the duties required of them by law, on the 8th day of April 1880. three days after said election. declared that the said Wm Dean was elected to the said Office of Assessor of said Township and issued to him their certificate thereof.

Now the Contestor John. M. Greb says that said Wm Dean was not elected assessor of said Township at said election. but on the contrary that this Contestor was, and he contests the election of said Wm Dean on the following grounds. to wit:

First. For malconduct of James. A. Oakley one of the clerks of the Elections in the first Election precinct of the Township of Pigeon in said County in this. to wit: that the said James A Oakley in violation of his duties as such Clerk when the canvass of said votes cast at said precinct was being

made wilfully and corruptly failed to keep correct a tally of the same as they were called at and counted so that no correct count was ever made of the votes of said precinct by the officers authorized to make the same and no certain result of the election at said precinct was ever ascertained.

Second.

And for a further cause of contest herein the Contestor states that when the said Inspectors of the said election precincts of the said Township met pursuant to law to compare the poll books and certificates of election they found by such comparison that this affiant was elected to said office whereupon Isaiah Haas, Inspector of such first precinct charged that there was a mistake in the count of the votes at said first precinct and in the footing up, or addition thereof and the said Inspectors unlawfully and wrongfully proceeded to recount the votes cast at said first precinct in such manner as to unjustly deprive & count this affiant out of his said office. And this affiant states and charges that said records of the ballotts or votes cast at said first precinct and the election documents were so carelessly and illegally, if not corruptly kept that the vote of said precinct could not and should not have been counted at all or received or considered by said inspectors of election.

Third.

and for a further cause of contest herein the contestor states that at said election held at said precinct in said Township as aforesaid there was a large number of illegal votes or ballotts cast for said contestee Wm Dean, and counted for him by the board of election aforesaid to wit: twenty illegal votes or ballotts were permitted to be deposited at the election aforesaid in the ballott box in the said first precinct of the said Pigeon Township by persons unknown at this time to the Contestor, who did not reside in said Township or precinct by persons under twenty one years of age, by persons who had not resided in this State six months next preceding the time of said election and by persons who did not reside in this State at all - On all of the above named illegal ballotts or votes the name of William Dean, the contestee was placed as a candidate for the office for assessor aforesaid and all of said votes were counted by the said election boards for the said William Dean.

Fourth.

For misconduct of the inspectors of election of said Township, to wit: that the said inspectors, when assembled as a board of canvassers received from the officers of the first voting precinct of said Pigeon Township a certificate of the election held at the said precinct which showed that the said William Dean received five hundred and fifty ~~votes~~-three (553) votes. and this contestor four hundred and eighty nine votes at said precinct for said office of assessor. That they found therefrom, when the said votes were aggregated with the votes of the other precincts of said Township, that this contestor was duly elected to said office, whereupon the said inspectors, contrary to law, wrongfully and fraudulently changed the said certificates of said officers so as to show that this Contestor only received four hundred and eighty four (484) votes at said precinct in said election and made the same read four hundred and eighty four (484) instead of four hundred and eighty nine (489); that this action was done without the consent or knowledge of all the officers of said precinct and was a fraudulent and unlawfull alteration of their return and certificate; that the said inspectors then found, after aggregating the vote of said Pigeon Township, that this contestor had a majority of all of the votes cast in said Township and was lawfully elected to the office of Assessor thereof, whereupon, not content with their said illegal action before stated, in order to deprive this contestor of his said office said inspectors wrongfully and illegally made a pretended count of the votes cast at said precinct whereby they pretended to have ascertained that this contestor received only four hundred and eighty two (482) votes. whereby this contestor was finally counted out of his said office; now this contestor says that the said acts of the said inspectors were wholly without authority wrongful and void that they had no right to change said certificate of the officers of said first precinct, no right to make said recount of said votes, but should have received said certificate as it was returned to them, and only as it was returned to them by the officers of the said precinct, or not counted the votes of said precinct at all and that according to said certificate this contestor was justly and legally elected assessor of said Township and entitled to the certificate of election from the said inspectors as a board of canvassers.

Wherefore this

BOARD OF COMMISSIONERS, VANDERBURGH COUNTY.

Contestor prays judgement declaring and establishing his right to said office and for all other proper relief.

Board of Commissioners of Vanderburgh County met at their room in the Court House in Evansville Indiana at nine oclock pursuant to adjournment in Special session to try the case of John M. Greb v s. George Seitz and Jacob Bennigh of members constituting said Board.

Minutes of the meeting of yesterday read and approved.

Comes now the plaintiff and files and presents the following

John M. Greb v.s. Wm Dean. } Before Board of Commissioners of Vanderburgh County Indiana.

The affiant John M. Greb. says that he can not safely go into the trial of this contest at this time on account of the absence of A. J. Whittlesey and Russell N. Whittlesey who have been subpoened as witnesses for him herein and who are absent through no fault. default or procurement of this affiant.

Affiant expects to prove by said A. J. Whittlesey that he was one of the judges of the election at the first precinct of Pigeon Township on April 5th 1880. that no tally was kept of the count of the votes at said precinct by James A. Oakley Clerk of Election at said precinct; that the account of the vote by the board of canvassers and the change in the return made and signed by him was made without his Knowledge or consent and against his will and was an untrue statement of the result of said account.

By Russell N. Whittlesey that six votes cast for Wm Dean at said precinct for contestee. William Dean. were cast by persons who did not live in this State and were not qualified voters of said precinct. that he Whittlesey knows the identity of such voters and how they voted at said election and these facts affiant says he believes are true and he cannot prove the same by any other witnesses.

And he asks this continuance that justice may be done

and not for delay.

BOARD OF COMMISSIONERS, VANDERBURGH COUNTY.

Wednesday morning June 9th 1880.

Board of Commissioners of Vanderburgh County met at their room in the Court House in Evansville Indiana at nine oclock a.m. pursuant to adjournment. when present Albert A. Swope President presiding. George Seward and Jacob Bemmerly Esqrs members constituting said board.

Minutes of the meeting of yesterday read and approved.

In the matter of a petition for a Ditch Drain or Water course in Warrick and Vanderburgh Counties petitioned for by Charles McJohnson of Centre Tp. V. Co } Petition.

To the Honorable Board of Commissioners of Vanderburgh County Indiana.

Gentlemen.

We, the undersigned whose land will be benefitted and liable to be assessed, most respectfully petition your Honorable Board for the location, establishment and construction of a public ditch, drain or water course in accordance with an act approved March 9th 1875. The ditch to be constructed on the following route: to wit; Commencing at a point 20 feet N of the S.E. Corner of the S.W. qr of Section No 30 Town 5. S. Range 9 West in Warrick County, Indiana and extending thence West about 4130 feet to the West line of said Section, which is the line between Warrick and Vanderburgh Counties and extending from thence West (20 feet N of the line between Sections 25 and 36 Town 5 S. Range 10 West) 1800 feet to a water course or ravine, and from thence North westwardly along said ravine about 600 feet which is its terminus. The ditch as located will pass along and through the lands of Charles McJohnson and Francis Amey in Warrick County and Emmanuel E. Barnes and Elizabeth F. Reynolds heirs of Robert Barnes deceased, in Vanderburgh County. Our reasons for petitioning for said Ditch are as follows, Viz: Our lands situate along the rout of said proposed ditch cannot be properly cultivated without drainage as the water remains thereon during most of the season for cultivation.

There is a road located on the line of said ditch in Vanderburgh County which is impassable during the wet season on account of the water remaining thereon, and the construction of said ditch will enable us to cultivate our lands, and construct a passable road to our farms, and will also benefit the health of the persons residing in the vicinity of the proposed ditch.

We have presented to the Board of Commissioners of Warrick County a petition similar to this and we most respectfully petition your Honorable Board to appoint viewers to act jointly with those to be appointed by the Board of Commissioners of Warrick County.

Respectfully submitted
Charles McJohnston.

Issued June 9th 1880.

Now here the board take said petition under advisement and being of the opinion that said ditch would be of public benefit and utility and conducive to public health and convenience and being satisfied with the sufficiency of the bond given and filed there with. and being further satisfied that the said petition is in conformity to the ditch and drain law of Mar 9th 1875. hereby appoint. Joseph B. Bat. John L. Kramer and John G. Potts as viewers to meet in conjunction with the viewers to be appointed by the Board of Commissioners of Warrick County at the Mark McCutchan Bridge over blue grass creek in Centre Township on Wednesday the 30th day of June A. D. 1880 at 9 oclock in the morning of said day, and proceed to view and make a computation of of the number of cubic yards of earth to be removed from each section, with an estimate of the cost of construction of the same, and set apart and apportion to each parcel of land a share of said work in proportion to the benefits to be derived by such work, and specify the manner in which said work shall be done, the necessary flood gates, waterways, bridges and farm crossings to be made, with such other suggestions they may deem material and file their report with the Auditor after having first subscribed and sworn to the same.
