The Contractor shall submit, in a prompt manner, at least three copies of all Submittals and Shop Drawings for every item of equipment or material to be incorporated in the Work. The Contractor shall make any corrections required by the Owner or Architect, and resubmit the required revised submittal without delay. The Architect's review of such submittals shall extend only to determining the conformity of such equipment and materials with the general features of the Project Drawings and Specifications prepared by the Architect.

It shall be the responsibility of the Contractor to determine the correctness of all Specifications and dimensions and minor details of such equipment and materials so that they will fit into the completed Work, and so that when incorporated in the Work, correct operation will result. The Contractor shall furnish for approval all samples required by the Specifications. The Work shall be in accordance with approved samples.

PERMITS, SURVEYS AND COMPLIANCE WITH LAWS

The Contractor shall keep fully informed of Federal, State and Municipal laws, ordinances, regulations, codes and standards, or any other bodies having jurisdiction or authority, which in any manner may affect the conduct of the Work or the Work of any employee. The Contractor shall at all times observe and comply with all such laws, ordinances, regulations, codes and standards. The Contractor shall protect, indemnify, and exculpate the Owner and its representatives, against any civil claim or civil liability arising from or based on the violation or any such laws, ordinances, regulations, codes and standards whether by himself or his employees, even if such violation is due wholly or in part to violation of said laws, ordinances, regulations, codes or standards by the Owner or its representatives.

The Contractor shall give all notices, and procure and pay for all permits, licenses and bonds, necessary for the prosecution of the Work, as required by Municipal, State and Federal ordinances, regulations, codes and laws, unless specifically provided otherwise in the Special Conditions or the Specifications. If the Contractor observes that the Project Drawings and Specifications are at variance with rules, codes or laws, he shall promptly notify the Owner or Architect in writing, and any necessary changes shall be made as provided in the Contract for changes in the Work. If the Contractor performs any Work knowing it to be contrary to such laws, ordinances, rules and regulations, and gives no notice to the Owner or Architect, he shall bear all costs and damages, including but not limited to attorney's fees, arising from said Work. The Owner will furnish all site surveys, unless otherwise provided. The Contractor shall provide construction staking, unless otherwise provided.

ROYALTIES AND PATENTS

The Contractor shall pay all royalties and license fees for any patented product used by him or incorporated in the Work. The Contractor shall defend all suits or claims for infringement of any patent right brought against himself or the Owner, and shall save the Owner harmless from liability or loss or damage of any nature or kind, including costs, expenses and attorney's fees arising from the infringement or

allegation of infringement of any patent or patent right, or because of any royalty, fee or license for the use, arrangement or operation of any tools, machinery, appliances, devices or materials which may be used by the Contractor or furnished by him in fulfillment of the requirements of this Contract.

The Contractor and any Sub-contractor(s) employed by the Contractor, will be responsible for any and all damage to person(s) or property, public or private, that may be caused by his operation in the performance of this Contract, and the Contractor shall defend any suit that may be brought against himself or the Owner on account of damage inflicted by his operations, and shall be liable for any attorney's fees incurred by the Owner, and any judgments awarded against the Owner, Contractor or Sub-contractor(s) employed by the Contractor arising from such damage.

MATERIALS AND WORKMANSHIP

Unless otherwise stipulated, in writing and approved by the Owner, the Contractor shall provide and pay for all material, labor, water, tools, equipment, light, power, heat transportation and other facilities necessary for the execution and completion of the Work.

Unless otherwise stipulated in the Specifications, all workmanship, equipment, materials and articles incorporated in the Work shall be new and of the best grade of their respective kinds. When required by the Owner, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials.

The Contractor shall at all times enforce strict discipline and good order among his employees, and shall not employ on the Project any unfit person, or anyone not skilled in the Work assigned to him.

When required by the Specifications, or when called for by the Owner, the Contractor shall obtain the Owner and Architect's approval of the materials or articles to be used in the Work. The Contractor in obtaining this approval shall furnish the Owner full information concerning the materials or articles which he contemplates incorporating in the Work. Samples of materials shall be submitted for approval when so directed. Machinery, equipment, materials and articles installed or used without such approval shall be used at the risk of the Contractor. All materials and workmanship shall be guaranteed by the Contractor and the Surety for a period of three years from the date of final acceptance. The Contractor further guarantees the materials and workmanship of all Work performed by any Sub-contractor(s) employed on the Project by the Contractor for a period of three (3) years from the date of final acceptance of the Work.

No material of any kind shall be installed in the Project until it has been inspected and accepted by the Architect. All material rejected shall be immediately removed from the site of the Work and not again offered for inspection. Any materials or workmanship found at any time to be defective shall be remedied at once regardless of previous inspections.

At any time during the course of construction of the Project, when, in the opinion of the Architect, provisions of the Contract Documents are being violated by the Contractor, its employees, or any Sub-contractor(s) hired by the Contractor, the Architect will have the right and authority to order all construction to cease and require the removal and replacement of all defective Work. In the event the Architect orders a cessation of any Work, the Contractor shall not proceed until arrangements satisfactory to the Architect are made by the Contractor for resumption of the Work in compliance with the provisions of the Contract Documents. It shall not be construed as a waiver of defects if the Architect shall not order the Work stopped or material removed, as the case may be. The Contractor shall be liable for the cost of any defective Work performed by the Contractor or any Sub-contractor(s) employed by the Contractor.

INSPECTION OF WORK AND TESTING OF MATERIALS

The Owner and Architect shall at all times have access to the Work, and the Contractor shall provide proper facilities for access and for inspection of the Work. All material to be incorporated in the Work, all labor performed, and all tools, appliances and methods used, shall be subject to the inspection and approval or rejection of the Owner. Any Work rejected by the Owner by reason of defective materials, workmanship or that said Work fails to comply with the Contract Documents shall be repaired at the expense of the Contractor.

The Contractor, and any Sub-contractor(s) hired by the Contractor, shall execute the Work only in the presence of the Architect or his Inspector, during normal working hours unless provision has been made for Work on other shifts. The presence of the Architect or inspector shall in no way relieve the Contractor of the responsibility of his Contract, or be any warrant for the furnishing of bad materials or poor workmanship.

The inspection and supervision of the Work by the Architect is intended to aid the Owner in determining whether the labor, materials, and workmanship being provided by the Contractor or a Sub-contractor(s) hired by the Contractor are in compliance with the Contract Documents. Any inspection and supervision by the Architect shall not operate to release the Contractor from any of his Contract obligations, or be deemed as the acceptance of such Work.

All laboratory tests shall be made by a testing laboratory employed by the Contractor and approved by the Architect. The cost of tests shall be paid by the Contractor. Unless otherwise provided in the Special Conditions, the Contractor shall furnish the materials to be tested, and incidental material and labor required at the site in connection with the tests, the costs of which shall be considered to be included in the price or prices for the Contract items.

Where in Contract Documents, laws, ordinances, codes, or the Architect's instructions require any Work to be specially tested or approved, the Contractor shall give the Owner or Architect timely notice of the readiness of the Work for inspection, and if the inspection is performed by any person other than the Owner or Architect, of the date and time fixed for the inspection. Inspections by the Owner or Architect shall be made promptly. If any Work should be covered up without approval or consent of the Owner or Architect, it must, if required by the Architect, be uncovered for examination at the Contractor's expense.

No material of any kind shall be installed in the Project until it has been inspected and accepted by the Architect. All material rejected shall be immediately removed from the site of the Work and not reused for any Work associated with the Project. Any materials or workmanship found at any time to be defective shall be remedied at once regardless of previous inspections.

The Owner shall have the right, at any time before final acceptance of the Project, or at any other time, to make an examination of the Work already completed. Where necessary, the Owner in conducting any inspection may remove or tear out any Work previously performed. The Contractor, at the request of the Owner, shall promptly furnish all necessary facilities, labor and materials required to perform any inspection. If any Work is found to be defective in any material respect due to fault of the Contractor, or his Sub-contractor(s), the Contractor shall be liable for any expense incurred by reason of the examination and any reconstruction. If, however, such Work is found to meet the requirements of the Contract, the actual cost of labor and materials necessarily involved in the examination and replacement, plus fifteen percent (15%), will be allowed the Contractor in payment for the examination.

CONTRACTOR'S SUPERINTENDENT

The Contractor shall have at the site of the Work at all times a competent foreman, superintendent, or other representative satisfactory to the Owner, to supervise the Work of the Contractor and the Work of any Sub-contractor(s) hired by the Contractor. All such persons shall have the authority to act for the Contractor, and all instructions given to such person by the Architect shall be followed and shall be as binding as if given to the Contractor. All directions which are required by the General Conditions, Project Drawings, or Specifications to be given by the Owner shall be given in writing.

All supervisory personnel employed by the Contractor or a Sub-contractor(s) hired by the Contractor shall give efficient supervision to the Work, using his best skill and attention, and shall carefully study and compare all Project Drawings, Specifications and other instructions, and shall at once report to the Owner or Architect any error, inconsistency or omission which they might discover.

If a delivery is made during other than normal working hours, an authorized employee or agent must be on duty to receive such materials. No employee of the Owner or Architect shall be authorized to receive any shipments of materials.

The Contractor shall do all cutting, fitting or patching of his Work that may be required to make its several parts fit together properly as shown upon or reasonably implied by, the Project Drawings and Specifications for the completed Work.

Any claim for damages arising from any negligent, defective or ill-timed Work shall be borne by the party responsible therefor. However, the Contractor shall indemnify the Owner against all claims arising from negligent, defective or ill-timed Work performed by the Contractor or any Sub-contractor(s) hired by the Contractor. The Contractor shall not endanger any Work by cutting, digging or otherwise, and shall not cut or alter the Work or any other Contractor without the consent of the Owner or Architect.

CLEANING UP

The Contractor shall at all times keep the premises free from accumulations of waste material or rubbish caused by his employees or Work, and at the completion of the Work he shall remove all his rubbish from the site and all his tools and surplus materials and shall leave his Work "broom clean" or its equivalent, unless instructed differently. In case of dispute the Owner may remove the rubbish and charge the cost to the Contractor at a rate the Owner shall determine to be just.

WAGE RATES

The Contractor shall agree to comply with all State and Federal statutory requirements pertaining to wage rates applicable to this contract, including, but not limited to Indiana Code 5-16-13. The Contractor represents and warrants that prior to commencing any Work he has familiarized himself with any said laws. The Contractor shall require all of his Sub-contractor(s) to comply with all State and Federal Statutory requirements pertaining to wages which may be applicable to this Contract including but not limited to Indiana Code 5-16-13. Failure to comply with any such statutory requirements shall constitute a material breach of the Contract, and may result in the Owner taking one or more of the following actions:

Referral of suspected violations of state or federal law to appropriate law enforcement agencies; and/or,
Rescinding or voiding the Contract; and/or,
Invoking all other legal and equitable remedies available.

The Contractor and its Sub-contractor(s) agree to fully cooperate with the Owner in his efforts to investigate and verify compliance with applicable wage laws. Such cooperation shall include, but not be limited to, permitting on-site questioning of employees of the Contractor or Sub-contractor(s) and reasonable access for inspection of all relevant records of the Contractor or Sub-contractor(s).

The Contractor shall be liable for all costs, including attorney's fees, incurred by the Owner by reason of the failure of the Contractor or Sub-contractor(s) hired by the Contractor to comply with these provisions.

HIRING OF LABOR - RACE DISCRIMINATION

Every Contract for or on behalf of the State of Indiana, or any municipal corporation thereof, for the construction, alteration or repair of any public building or public Work, shall contain provisions by which the Contractor agrees:

That in the hiring of employees for the performance of Work under this Contract, or any Subcontract hereunder, no Contractor, Sub-contractor(s) nor any person acting on behalf of such Contractor or Sub-contractor(s), shall by reason of race or color, discriminate against any citizen of the State of Indiana who is qualified and available to perform the Work to which the employment relates; and,

That no Contractor, Sub-contractor(s), nor any person on his behalf shall, in any manner, discriminate against or intimidate any employee hired for the performance of Work under this Contract on account of race or color; and,

That there may be deducted from the amount payable to the Contractor by the Owner, under this Contract, a penalty of not less than ten dollars (\$10.00) or more than two thousand five hundred (\$2,500.00) for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of the Contract; and,

That this Contract may be canceled or terminated by the Owner, and all money due or to become due hereunder may be forfeited, for a second or any subsequent violation of the terms or conditions of this section of the Contract; and,

The Contractor shall indemnify the Owner against all losses and claims, including attorney's fees, arising from the failure by the Contractor to comply with this provision.

ALLOWANCES

The Contractor has included in the Contract Price an amount associated with any allowances named in the Contract Documents, and shall cause the Work so covered to be done by such Sub-contractor(s), and for such sums as the Owner or Architect may direct, the Contract Price being adjusted in conformity therewith. The Contractor declares that the Contract Price includes such sums for expense and profit on account of cash allowances as he deems proper.

No demand for expenses or profit other than those included in the Contract Price will be allowed, unless said demand has been previously authorized by the Owner in writing. The Contractor shall not be required to employ any such persons against whom he has a reasonable objection.

CHANGES IN THE WORK

The Owner may, without invalidating the Contract, order extra Work or make changes by altering, adding to, or deducting from the Work. All such Work shall be executed under the conditions of the original Contract Document, except that any claim for extension of time caused thereby shall be made at the time of the ordering of such change. Any modifications ordered by the Owner shall cause the Contract Price to be modified in an amount to be agreed in writing, by the parties, and approved by the appropriate Board prior to any such Work being performed.

Adjustment, if any, in the amounts to be paid to the Contractor by reason of any such changes shall be determined by one or more of the following methods:

By Unit Prices contained in the Contractor's original bid and incorporated in this Contract; or,

By a supplemental schedule of prices contained in the Contractor's original bid and incorporated in this Contract;

By an acceptable lump sum or unit price proposal of the Contractor; or,

On a cost plus basis, not to exceed a specified limit, defined as the cost of labor, materials, and insurance, plus a specified percentage of cost of such labor, materials and insurance; provided the specified percentage does not exceed fifteen percent (15%) of the aggregate of the cost of such labor, materials, and insurance.

In cases where a lump sum proposal is submitted by the Contractor in excess of Five Hundred Dollars (\$500) and the Owner considers the lump sum proposal excessive or unreasonable, the Owner shall have the right to solicit Contract Proposals for the additional or modified Work from other Contractors.

In cases where additional Work is ordered by the Owner which was not contemplated in the original proposal, or where the additional Work ordered by the Owner has a cost of construction in excess of twenty percent of the original Contract Price for any item constituting five percent or more of the total Contract Price, the Owner is required by Indiana statutes to seek bid proposals from other Contractors for such Work. If a proposal for such added Work is obtained from another Contractor at an amount less than the proposal submitted by the Contractor, the Owner reserves the right to make an award of such Work to the lower proposal, or to negotiate further with the Contractor.

The Architect is not authorized to act for the Owner in giving orders for extra or additional Work, either in writing or verbally. Extra Work or changes in quantities must be approved by the appropriate Board of the Owner prior to Work being performed.

If the Contractor claims that any instruction, by drawing or otherwise, results in the Contractor being entitled to receive additional payment under this Contract, he shall give the Owner written notice thereof within a reasonable time after the receipt of such instructions. In no event shall the Contractor be authorized to proceed to execute the Work without the prior written consent of the Owner.

CLAIMS FOR EXTRA COST

If the Contractor claims that any instruction, by Project Drawings or otherwise, involves extra cost under this Contract, he shall give the Owner or Architect written notice thereof within a reasonable time after the receipt of such instruction, and in no event shall the Contractor proceed or authorize a Sub-contractor(s) to proceed to perform the Work, except in emergency endangering life or property, until the Contractor has complied with the provisions in Section 23, "Changes in The Work". The Owner shall have no liability for a claim for extra cost unless the Contractor has complied with Section 23 prior to commencing the extra Work.

OWNER'S RIGHT TO DO WORK

If the Contractor neglects to prosecute the Work as required by the terms of the Contract Documents, Project Drawings or Specifications, the Owner may, after three (3) days written notice to the Contractor, without prejudice to any other remedy he may have, make good such deficiencies and may deduct the cost thereof from the payment due the Contractor.

DEDUCTIONS FOR UNCORRECTED WORK

The Contractor agrees that the Owner may at its discretion waive the right to correct Work injured, defective Work, defective materials, or Work and materials not provided in accordance with the terms of the Contract Documents, Project Drawings and Specifications. The Contractor consents to the Owner exercising its discretion to deduct from the Contract Price a reasonable amount associated with said injured Work, defective Work, defective materials, or Work and materials provided which are not in accordance with the Contract

Documents, Project Drawings and Specifications.

In the event that any provision of this Contract is violated by the Contractor or by any of his Sub-contractor(s), or if the Contractor should become a debtor in a bankruptcy proceedings, or if he should make a general assignment of his assets for the benefit of his creditors, or if a receiver should be appointed for any reason on account of his insolvency, or if he should persistently or repeatedly fail to supply sufficiently skilled workmen or proper materials as required by the Specifications, Project Drawings and Contract Documents, or if he should disregard the instruction of the Architect, then the Owner may serve written notice upon the Contractor and the Surety of its intention to terminate this Contract, specifying the reasons for such intent to terminate. If, within ten (10) days after the serving of such notice, the Contractor has failed to correct the listed deficiencies to the satisfaction of the Owner, the Contractor shall be deemed in default. In the event of default, the Contract shall be deemed terminated, the Owner shall immediately serve notice thereof upon the Contractor and Surety. The Surety shall then take over and perform the Contract, provided, however, that if the Surety does not commence performance thereof within thirty (30) days from the date of the mailing to such Surety of notice of termination, the Owner may take over the Work and prosecute the same to completion. The Contractor and the Surety shall be jointly liable for all expenses, including but not limited to labor, materials, administrative expense and attorney's fees, incurred by the Owner in completing the Contract, and recovering the costs associated therewith.

COMPLETION OF WORK BEFORE FINAL PAYMENT

In cases where the Contractor has failed to complete minor items of Work within the time set for completion of the Contract, but limited to cases where the value of such uncompleted Work does not exceed five (5) percent of the total construction cost of the Work, then the Owner shall have the right without terminating this Contract, to complete said items of Work, deducting from the sums due the Contractor under this Contract the total cost which the Owner may incur in completing such minor items of Work by force account, or by employing some other Contractor to complete such minor items of Work. Prior to completing such items of Work, the Owner shall deliver to the Contractor a written statement, enumerating and describing the items not completed, and demanding completion of same, within a time to be fixed in such statement by the Owner. The time set forth in such statement must depend on the time reasonably required for the performance of the Work in question, but shall not in any event be less than ten days, nor more than thirty days. If the Contractor refuses or neglects to comply within the time stated, the Owner may proceed to complete the Contract, and the Contractor shall be liable to the Owner for all expenses, including but not limited to labor, materials, administrative expenses and attorney's fees, incurred in the completion of the Contract and the recovery of all costs associated therewith.

CORRECTION OF WORK AFTER FINAL PAYMENT

Neither the act of final payment nor any provision in the Contract Documents shall relieve the Contractor of responsibility for negligence in the furnishing and installation of faulty materials or workmanship, and unless otherwise specified, the Contractor shall remedy at his expense any such defects, whether such defects were caused by the Work of the Contractor, or any Sub-contractor(s) hired by the Contractor, and pay for any damage resulting therefrom, which shall appear within a period of three years from the date of final acceptance. The Owner shall give notice of observed defects with reasonable promptness.

DELAYS AND EXTENSION OF TIME

If the Contractor is delayed in the progress of the Work by any act of neglect of the Owner or the Architect, or by any other Contractor employed by the Owner, or by changes ordered in the Work, or by strikes, lockouts, fire, unusual delay in transportation, unavoidable casualties, or by causes beyond the Contractor's control, or by delay authorized by the Owner, or by any cause which the Owner deems to justify the delay, then the time of completion shall be extended for such reasonable time as the Owner may decide.

CONTRACTOR'S RIGHT TO STOP WORK OR TERMINATE

If the Work is ordered stopped by an order of any court, or other public authority, for a period of three months, through no act or fault of the Contractor, anyone employed by him, or any Sub-contractor(s) hired by the Contractor, the Contractor may, upon seven (7) days written notice to the Owner, stop Work or terminate this Contract and recover from the Owner payment for all Work satisfactorily performed.

DISPUTES

All disputes concerning the interpretation of the General Conditions, Project Drawings or Specifications, questions of fact arising under this Contract shall be decided by the Architect, subject to written appeal by the Contractor, within ten days, to the Owner, whose decision shall be final and conclusive upon the parties hereto. In the meantime, the Contractor shall diligently proceed with the Work as directed.

fees. Claims under this clause shall be made in writing to the Contractor within a reasonable time, at the first notice of such damage.

The Contractor's right to payment will be based on the units of material in place, as determined by the Architect, in accordance with the provisions set forth in the Contract Documents. Any materials, workmanship or equipment furnished by the Contractor, or any Sub-contractor(s) hired by the Contractor, a part of this Contract which proves to be defective or fails to operate properly within three (3) years following the date of Owner's acceptance of the Work (excepting any damage resulting from normal wear and tear, or violence or casualty not the fault of the Contractor) shall be promptly repaired and replaced by the Contractor upon notification from the Owner. All such replacement and repair Work shall be done at the cost of the Contractor. The Contractor shall indemnify the Owner against all costs or claims arising from any defective material, workmanship or equipment provided by the Contractor, or any Sub-contractor(s) hired by the Contractor. The date of acceptance shall be established by the Architect only after all Work under this Contract has been substantially completed as to quality of workmanship and materials.

SEPARATE CONTRACTS

The Owner reserves the right to let other Contracts in connection with other Work associated with the Project but which is not the subject of this Contract. The Contractor shall afford other Contractors reasonable access to the site of the Project for the delivery and storage of materials and the performance of their Work, and shall properly connect and coordinate his Work.

If any part of the Contractor's Work requires the coordination of Work of any other Contractor, the complete Work to be performed by another Contractor, or Work to be performed by the Owner, the Contractor shall coordinate all such Work and shall inspect and promptly report to the Owner or Architect any defects in such Work that prohibits the Contractor from performing his Work. Failure by the Contractor to so inspect and report shall constitute an acceptance of the other's Work as fit and proper for the reception of his Work, except as to defects which may develop in the other Contractor's Work after the execution of the Work.

To ensure the proper execution of his subsequent Work, the Contractor shall measure Work already in place, and shall at once report to the Owner or Architect any discrepancy between the executed Work and the Project Drawings.

If the Contractor has submitted before execution of the Contract a list of Sub-contractors, and the change of any name on such list is required to be approved in writing by the Owner after such execution, the Contract price shall be increased or decreased by the difference in cost occasioned by such change. The Contractor agrees that he is as fully responsible to the Owner for the acts and omissions of his Sub-contractor(s), and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.

RELATIONS OF CONTRACTOR AND SUB-CONTRACTOR

The Contractor agrees to bind every Sub-contractor(s), and every Sub-contractor(s) shall agree to be bound by the terms of the Contract, and the Contract Documents, as far as applicable to his Work, including the following provisions, unless specifically noted to the contrary in a Subcontract approved in writing as adequate by the Owner and Architect.

SUPPLEMENT TO THE GENERAL CONDITIONS FOR MINORITY AND WOMEN BUSINESS ENTERPRISE PROGRAM

Minority Business Enterprise (MBE) and Women Business Enterprise (WBE) Goals

It is a goal of the City of Evansville-Vanderburgh County ("Owner") to promote the utilization of MBEs and WBEs during and as part of each contract for the purchase of goods, supplies, services and construction work, in an effort to meet or exceed the participation goals established in the MBE/WBE Utilization Plan of 12% participation of MBEs and 7% participation by WBEs.

Each bidder shall identify, as part of its bid the MBE and WBE businesses that would perform work should the bid be accepted, a description of the work which each subcontractor/supplier would perform and the dollar amount of the work which each would perform. The City's Contract Compliance Officer, as part of the Plan, shall actively promote the meaningful participation of MBE and WBE businesses, in the performance of the work by contractors.

PRE-CONSTRUCTION / BIDDING PHASE

Bidder Requirements:

Before and during the pre-construction and bidding phases of the Project and subject to the public construction and public procurement laws applicable to the Project, bidders shall actively promote meaningful participation of MBEs and WBEs in the Project, requiring them to:

1. Provide written notice of contracting opportunities to known MBEs and WBEs in sufficient time to allow them to participate. Bidder's must allow M/WBE's no fewer than ten (10) business days to respond to bid notice;
2. Contact and/or follow-up with MBEs and WBEs interested in participation. Prime Contractors who are:
 - Challenged with sourcing MBE/WBE subcontractors,
 - Have MBE/WBE goal deficiencies, or
 - Have MBE/WBE participation barriers

are required to coordinate a meeting with the City of Evansville Contract Compliance Officer and/or the City/County Purchasing Department. The meeting purpose will consist of a discussion and potential recommendations of appropriate action steps to achieve the MBE/WBE goals. This meeting must take place at least three (3) business days prior to the final bid submission. All information reported by contractors will be verified for accuracy.

If a Purchasing Department Coordination meeting is not completed by the prime contractor, the contractor's bid will be considered non-responsive and will not be accepted for final submission.

In addition, the Participation Evaluation Worksheet (Form A) included in the bid package is required to be submitted with each bid.

3. Consider unbundling Bid Packages into economically feasible units to facilitate MBE and WBE participation. Unit prices shall be given for supplies and equipment;

4. Provide adequate information about plans, specifications and/or other contracting requirements to facilitate MBE and WBE participation;
5. Confer in good faith with interested MBE/WBEs, including the making of reasonable determinations as to their qualifications;
6. Provide information to MBE/WBEs regarding bonding and insurance;
7. Submit a Copy of the Indiana Department of Administration (IDOA) Certification for each M/WBE listed in the Statement of Proposed M/WBE Utilization (Form B). Such certification must be in effect throughout the duration of the project;
8. Submit a Letter of Intent to Perform as a Subcontractor or Supplier (Form C) summarizing all subcontractor and supplier utilization, for each M/WBE subcontractor or supplier;
9. When the M/WBE program goal is not feasible because of the lack of availability of qualified minority or women business enterprises in a particular trade or field, Bidders shall submit in a sealed bid envelope a completed Application for Program Waiver (Form E), complete with full, verifiable documentation of bidder's efforts to locate and employ M/WBE for the project.

City/County ("Owner") Requirements:

Before and during the pre-construction and bidding phases of the Project and subject to the public construction and public procurement laws applicable to the Project, the Owner's Contract Compliance Officer shall actively promote meaningful participation of MBEs and WBEs in the Project, by requiring Bidders to:

1. Inform interested bidders of the Plan, including the MBE and WBE goals and procedures applicable to the Project;
2. Organize and conduct pre-bid meetings to inform MBEs and WBEs of contracting opportunities and encourage all potential bidders to attend such meetings;
3. Advertise with respect to contracting opportunities in general circulation, trade and minority-focused media;
4. Utilize the services of available minority organizations, contractor's groups, state and local offices, etc., that have knowledge of available MBE/WBEs or the means to locate such MBE/WBEs;
5. Evaluate for each bid package the extent of MBE/WBE participation by the apparent low bidder, whether the proposed entities have been appropriately certified as MBE/WBEs, whether the apparent low bidder achieved applicable goals for the Project and, if not, the extent of good faith efforts made by such bidder to encourage the utilization of MBE/WBEs and whether there are valid reasons for the bidder's inability to achieve the stated goals; and

6. Advise the City of Evansville awarding department/Board whether, in the Contract Compliance Officer's opinion, the apparent low bidder has achieved the stated MBE/WBE goals or demonstrated good faith efforts to achieve the goals and include this consideration in the overall recommendation as to whom the contract should be awarded.

CONSTRUCTION PHASE

Bidder Requirements:

If applicable, during the construction phase of a project, the Bidder shall, among other things:

1. Provide Contractor's Monthly M/WBE Report (Form D) to the Owner and the City's Contract Compliance Officer, on at least a monthly basis, as to the MBE/WBE participation for each contractor on the project as a whole; and
2. Consider the impact of change orders on MBE/WBE utilization. M/WBE's work total dollar amount should be the same percentage as the Change Order, for the same work.
3. Submit copies of executed M/WBE subcontracts, purchase orders, requisitions, etc. to the Contract Compliance Officer.

City/County ("Owner") Requirements:

If applicable, during the construction phase of a project, the Contract Compliance Officer shall, among other things:

1. Obtain any additional documentation deemed necessary to demonstrate the good faith efforts of each contractor to achieve and maximize MBE/WBE participation goal levels;
2. Verify all submitted documents that each MBE/WBE as listed by each contractor is appropriately certified as either an MBE or WBE entity;
3. Determine the scope of work assigned to each MBE/WBE;
4. Calculate the percentage of participation for each MBE/WBE. Only where an exact amount to be contracted to M/WBE cannot be determined, the Bidder must indicate the minimum dollar amount that will be paid to the M/WBE firm (on the Letter of Intent Form C);
5. Determine the percentage of completion of MBE/WBE scope of work to date;
6. Evaluate the impact of change orders on MBE/WBE utilization. M/WBE's work total dollar amount should be the same percentage in the Change Order, for the same work;
7. Periodically, and at the specific request of the Owner, conduct reviews to verify:
 - The progress of payments made to MBE/WBEs and
 - Method of accounting for MBE/WBE participation

NON-COMPLIANCE

1. Failure to demonstrate good faith efforts to achieve the goal may constitute grounds for rejection of the bid.
2. The Owner may withhold payment on the Contract until satisfactory corrective measures are completed.
3. Bidders are advised that any contractor who knowingly or intentionally misrepresents the amount to be subcontracted to the M/WBE is in breach of contract and may suffer penalties pursuant to Indiana Code.
